PROJECT DESCRIPTION

Generally speaking, the definition of coworking is when people assemble in a neutral space to work independently on different projects, or in groups on the same projects. It's different than a typical office workspace because the people in a coworking environment generally aren't working for the same company. Coworking spaces offer the same amenities you would find in a traditional office, along with a lot more. A major differentiator is flexibility since you don't need to sign a long-term lease in a coworking space.

FRONTEND
CSS

PRIMARY GOALS

Coworking spaces were designed to offer a productive workspace for as many people as possible. This includes being located at an accessible location while being open at all hours of the week. Nowadays, people have very different schedules, with more and more people working outside of the regular 9 to 5 routine.

ADVANTAGES

A coworking space is a social environment, and the ability to mingle and share ideas with fellow workers inevitably creates meaningful connections. To start networking in a coworking space, offer support or trade services in a casual conversation. Keep it as light and friendly as possible, and don't push sales too hard or force conversations – this can turn connections off.

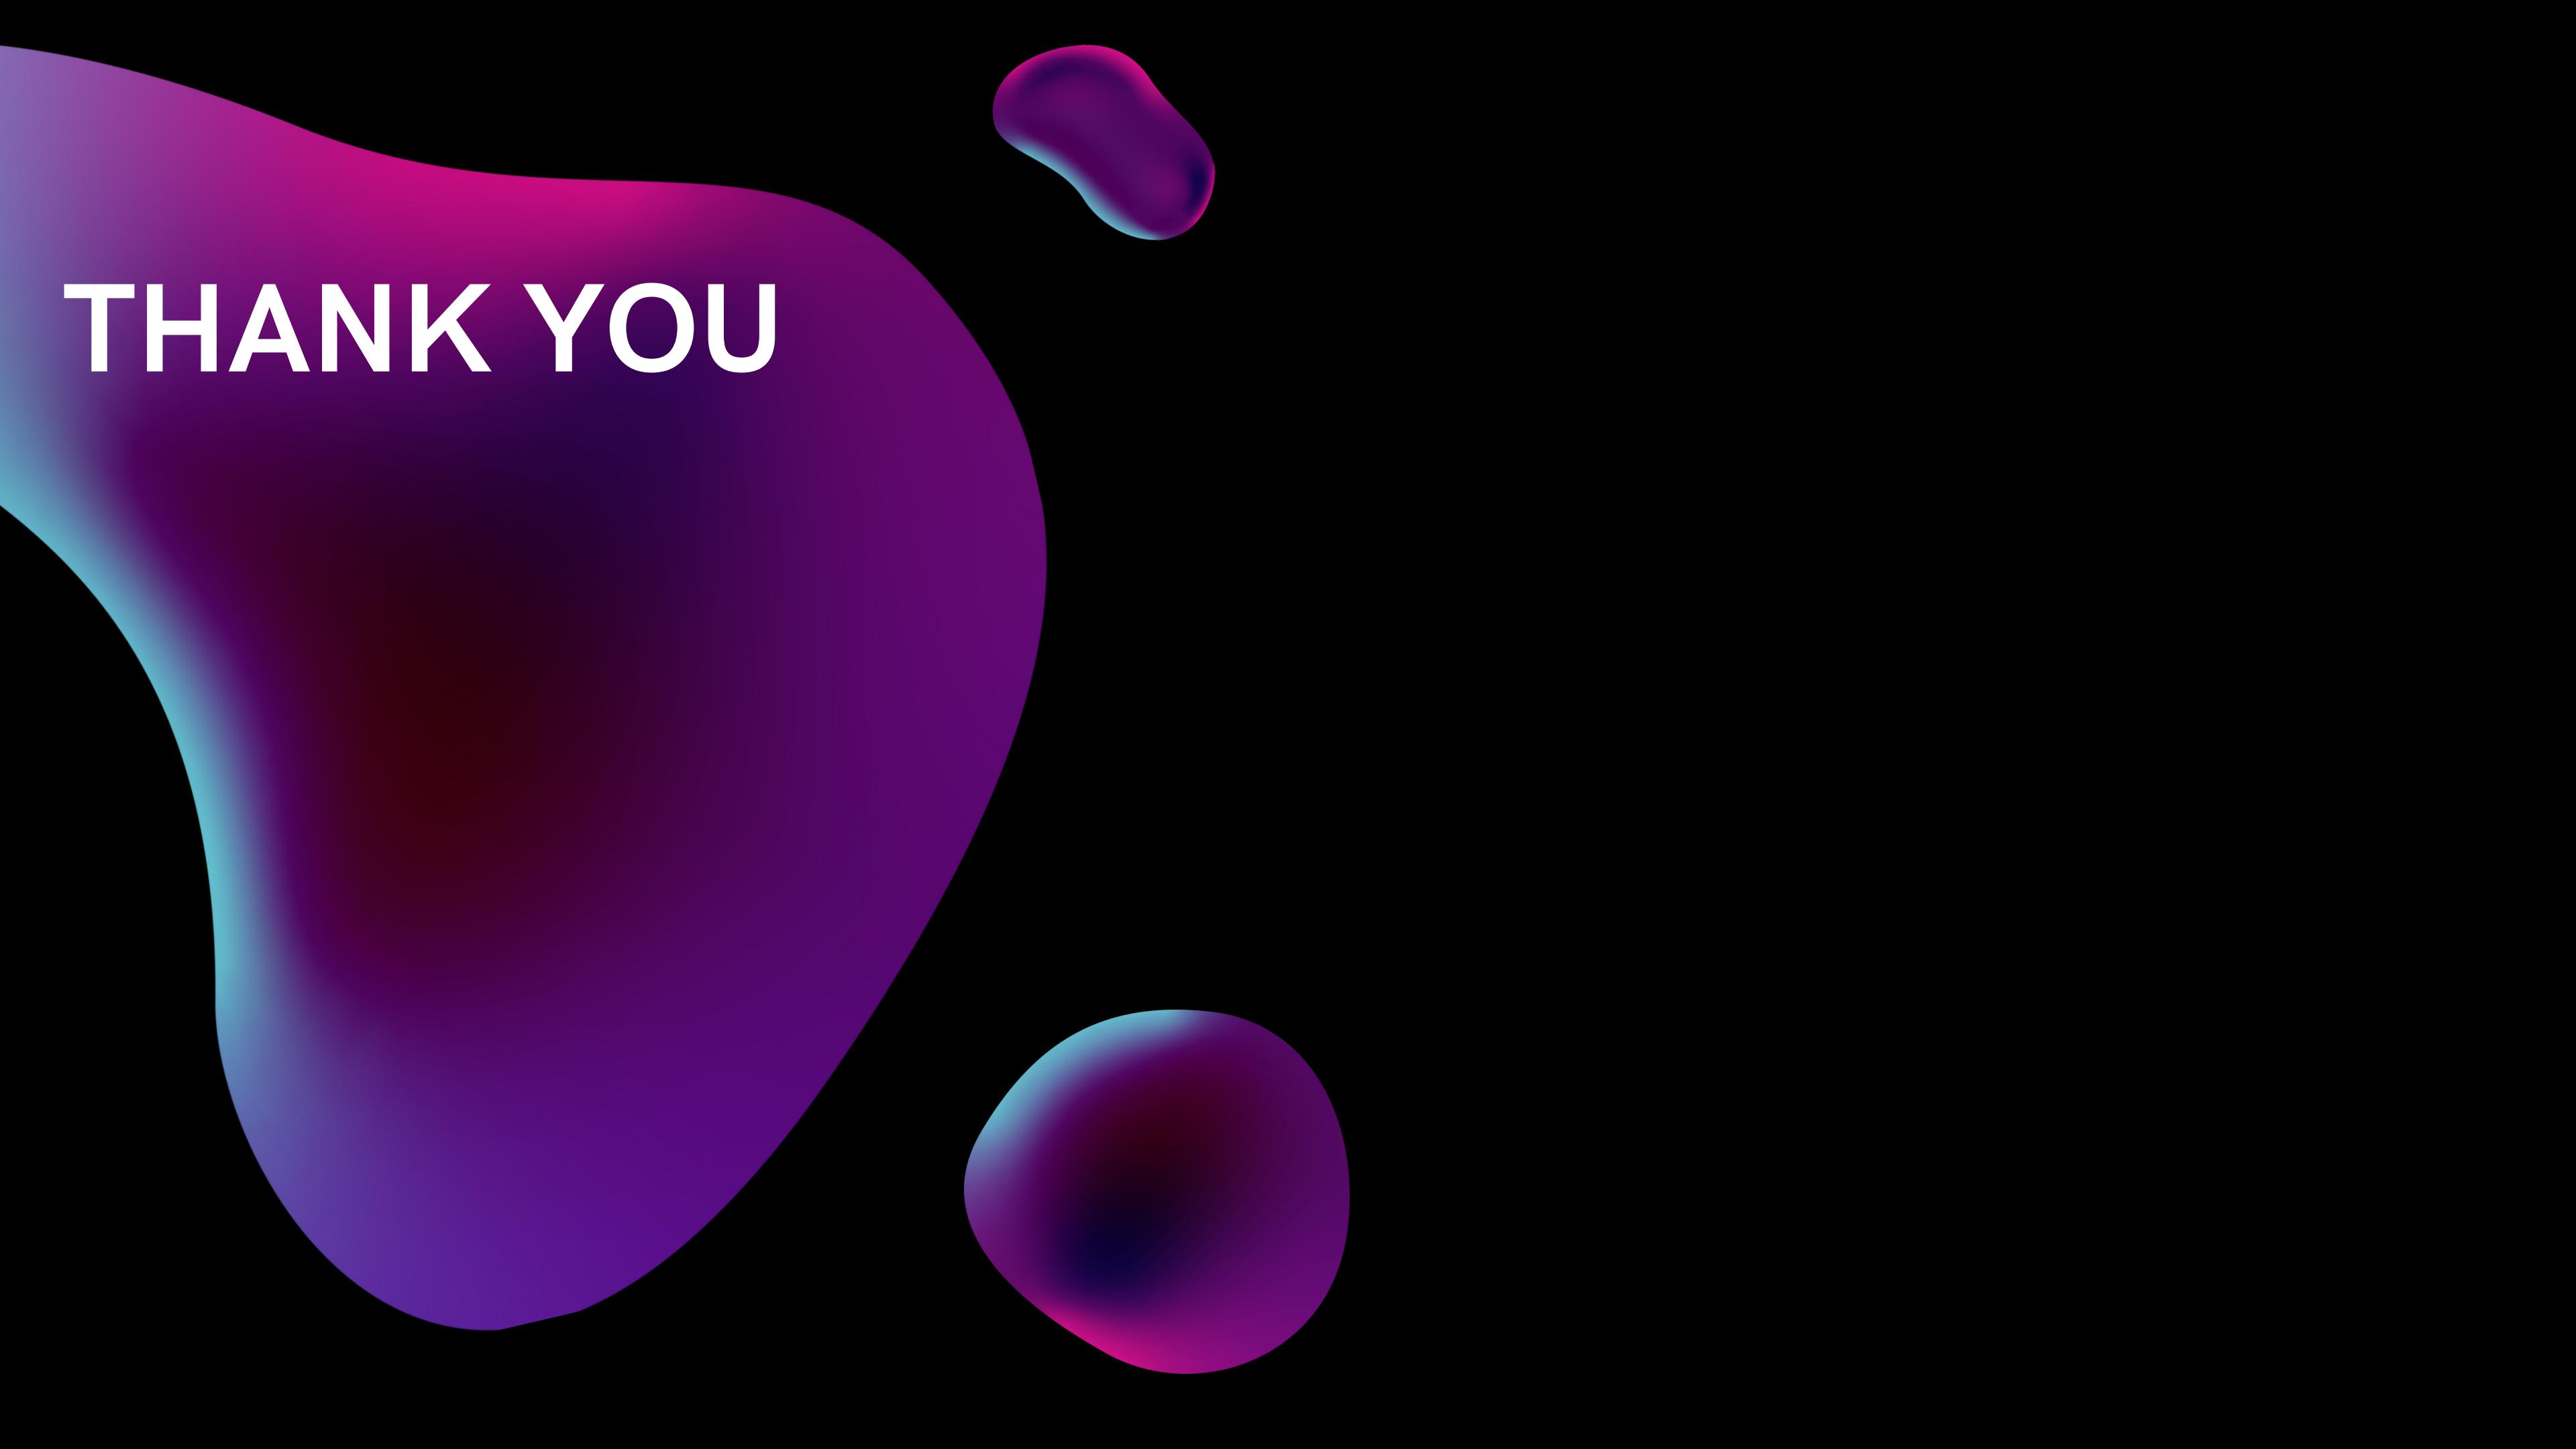

PURPOSE

The background features abstract, semi-transparent shapes. On the left, there is a large circle with a gradient from purple at the top to blue at the bottom. In the center, there is a smaller, irregular blob shape with a gradient from purple to blue. On the right, there is another large circle with a gradient from purple at the top to blue at the bottom.

Coworking spaces provide small businesses, independent contractors and other workers a space to get work done, network and participate in their local business community.

PROJECT CONTEXT

- ~ Workplace located in the heart of Saint-Petersburg
- ~ Individual desks and spaces for collaborative work
- ~ Supporting communities, education and projects that makes the world a better place

The background features a large, semi-transparent circle with a gradient from magenta to cyan. Overlaid on this is a smaller, solid black circle. In the upper left quadrant, there is a white text area containing the words "THANK YOU".

THANK YOU
